

Meade County Water District is currently accepting applications for a water distribution operator.

Nature of job: Responsible for the general operation and maintenance of the water distribution system and equipment. Work will be outdoors, during all weather conditions.

Applicants must have a high school diploma or equivalent. Must have a valid driver's license. Must be able to pass a drug screen and background check.

This position may require extended hours at times, as this will evolve to an on-call position. Must reside within 30 minutes of the nearest water system boundary in order to respond to after-hours emergencies.

Certification and related work experience preferred but not required. Applicant may be placed in apprenticeship program if currently not a licensed operator in Kentucky. Meade County Water District is a Class III distribution system.

Compensation will be based on experience and certifications. Minimum starting salary of \$15/Hr.

Applications can be picked up at the MCWD service center. Applicants may send application to bpyles@meadecountywater.com or can be mailed or dropped off in person at the District's service center at 1003 Armory Place, Brandenburg, KY 40108. Applicants can contact the district office at (270) 422-5006 with any questions or assistance with application process. Ask for Brett.

Applications will be accepted until the position is filled.

Meade County Water District is an equal opportunity provider and employer.
